

200L SERIES

KEY BENEFITS

- Liquid-filled design dampens vibration and pulsation.
- Stainless housing with brass wetted connection.
- Reliable field-ready gauge for demanding service.

STAINLESS X BRASS LIQUID FILLED PRESSURE GAUGE

OVERVIEW

The Apache 200L Series is a liquid-filled pressure gauge built for steady, readable performance in industrial pressure applications where vibration, durability, and cost matter.

Housing	Stainless steel
Connector	Brass
Face Sizes	2.5" / 4"
Bezel	Crimped

MATERIALS / CONSTRUCTION

#	COMPONENT	MATERIAL
1	Housing	Stainless Steel
2	Bourdon Tube	Phosphor Bronze
3	Pointer	Black Finished Aluminium
4	Movement	Brass
5	Dial Face	Aluminum
6	Lens	Glass
7	Ring	Stainless Steel
8	Connector	Brass

SPECIFICATIONS

Series	200L
Type	Liquid Filled Gauge
Housing	Stainless Steel
Connector	Brass
Lens	Glass

OPTIONS

- ☐ 2.5" face configuration
- ☐ 4" face configuration
- ☐ Pressure ranges available by application
